## Academic Credentials

Bachelor of Science in Computer Science and Engineering

State University of Bangladesh

CGPA – 3.55/4.00

January, 2019 – April, 2023

## Standardized Test Score

Test of English as a Foreign Language [TOEFL] 16$^{th}$ December, 2022

| Total Score | Reading | Listening | Speaking | Writing |
|---|---|---|---|---|
| 88 | 20 | 22 | 22 | 24 |

## Research Experience

Undergraduate Research Work                                    September, 2022 – December, 2022

State University of Bangladesh

Thesis Title - "*Load Balancing in Cloud Computing*"

Supervisor – Muntasir Hasan Kanchan, Assistant Professor, Department of CSE

## Academic Project Works

"*MCQ Quiz Application*" – Software Engineering Work                          April - July, 2022

Supervisor – Trina Saha

"*Car Price Prediction*" – A Machine Learning Project                September - December, 2022

Supervisor – Dr. D. Stalin Alex

## Professional Experience

Junior Mobile Application Developer                                    June 16$^{th}$, 2022 – September 15$^{th}$, 2022

Large It Solution

Completion – I have made and helped making multiple Android based applications using Flutter Framework e.g. E-Commerce, Navigation App. I used to make models, fetch API and build applications as client requirements.

## Technical Skills

Programming Language – Python, C, Dart, JavaScript

Framework – Django, Flutter

Data Analysis – Machine Learning, Deep Learning using Python and various algorithms

Tools/Resources – Google Colab, Kaggle, GitHub, Power BI, Excel,

## Achievements and Extracurricular Activities

1 - "SUB Intra Department Programming Contest 2019 (Fall)" in 3$^{rd}$ Position        14$^{th}$ December, 2019

2 - "Intro to Programming Nanodegree" from Udacity                                  21$^{st}$ May, 2020

3 - "Machine Learning" from Simplilearn                                             29$^{th}$ August, 2021

4 - "Skill Development For Mobile Game & Application Project"                        27$^{th}$ February, 2022

5 - Volunteering at "Urban Study Group"                                            August, 2018 - Present
